. . . . JUST HAD 2 BE THERE!

Chicopee Comprehensive
Rolph Avenue
Chicopee, MA 01020

Our high school years have come and gone but they are not to be forgotten. Many memories, both happy and sad, live in the halls of this school. There were many friendships that were formed here and many others that were nurtured. A high school is not just a place for book learning but also a place for growing and changing. A school is what you make of it. Some people chose to make the best of their years here and therefore have many pleasant memories, but the others who chose to make it more difficult still gained something. They gained the knowledge that the faculty and their friends that they made here were there for them. They did not give up and they did not run away. No matter what your memories are of or how they were formed, they are a part of you. Chicopee Comprehensive will live on in each of us for the rest of our lives. This book will help to enhance your memories when they start to fade and also give you that happy feeling of friendship when you need it most. These years are not years to be forgotten but rather years to be remembered in a precious way. We are a class that will live forever. We are the one and only Chicopee Comprehensive Class of 1993! There will never be another one like us. We are all unique people who will go on to live happy and fulfilling lives.

SO,

WELCOME TO OUR PAST
. . . AND . . .
GOOD LUCK IN YOUR FUTURE!

Robert Gaumond

This year the senior class was without a very special person. Those people who know him would agree that Robert Gaumond is a boy with more courage than the average person. He has been faced with challenges that no one could ever imagine, and yet he is hardly ever depressed.

Robert has been diagnosed with Chronic Myelogenous Leukemia. Leukemia is a type of cancer in which the white blood cells grow uncontrollably. When this happens, the bone marrow loses its ability to produce red blood cells and the blood production is affected. Robert has been in and out of school for the past four years, but during our sophomore year Robert left and was unable to come back.

Robert likes to fish and play video games. Although he is able to play games from his bed, we here at Comp hope he will be fishing very soon. This year we wanted Robert to know just how special he is and that we will never forget him. The Senior class officers paid him a visit, and with them was Ellis Burke, a player for the Boston Red Sox. The officers presented Robert with a card signed by many seniors. A few weeks later Robert received the football used in the first game won by the Colts in four years. The Senior class not only misses him, but we will never stop thinking of him. He is smart, funny, and one of the nicest people you could ever hope to meet.

Senior Megan Landry says: "Robert was the nicest French pal I ever had. He would never say a bad thing about anyone. We miss you."

Robert himself thinks this is "a great honor". He was speechless and wished to thank the Senior class.

Robert, we all miss you and love you and we hope to see you really soon. Memini 1993 is dedicated to you, Robert Gaumond.

Dear Faculty,

On behalf of the Senior Class, the yearbook staff would like to take this space to thank all of the faculty who have helped us to become who we are today. Every student has his or her favorite teacher; therefore, it would be hard to list them all. Without each of your individual help and guidance we would not have been able to achieve many of the goals that we have. Your efforts and time are greatly appreciated and will never be forgotten. We are positive that your influences will become more evident in our futures. Therefore, with a final thank you and farewell, the Class of 1993 will depart but will never forget.

With Love and Affection,

The Graduating Class of 1993.

The Peer Education Team is a group of students who agree to abstain from the use of alcohol, drugs, and tobacco products. A contract is signed at the beginning of the year that pledges this vow. If a student breaks this vow he or she is expected to remove themselves from the group. Our group is based on trust. Without trust the group would fall apart.

Our intentions are to share the knowledge we have on these topics with other people. We do this by teaching at elementary schools throughout the city of Chicopee. We also do projects around our high school. The topics do not cover just drugs and such. Our topics branch out to matters concerning peer pressure, self-esteem, and health. We often work with and support city wide projects. A few examples of this are Drug Awareness Week and Support A Sweetheart.

Overall, the Peer Education Team works for the welfare and concern of all youth now and in the future. Our goal is to aid in the formation of a drug free environment.

For those whose interests lie strictly in the more technical aspect of theater, ample positions among our tech crew allow students to work as stage managers, as well as light and sound technicians. This year, the performers among us were able to shine in our numerous shows; ranging from "To Absent Friends" to the InterClass Play Festival, as well as from the December Showcase to the Senior Play.

So, from all of us in the Drama Club to all of you:

The journalism class has given us another wonderful year of news once again. The monthly issues of the Comp Chronicle have proven to be full of information and memories. This class is a class of students dedicated to writing for the benefit of all. They have proven to us that it is possible to take a group of very different people and make them work successfully as one. Without teamwork many things can fall apart, but the Chronicle has had another successful year.

The Chronicle is full of many different kinds of articles. There are articles about students opinions and about social events. Every once in awhile there is an article on an individual who has achieved something memorable. Sports are often covered in the paper as well as troublesome issues that students face. The type of handi-craft is endless and so are the ideas.

To the staff of the Comp Chronicle we offer a congratulations on a successful year and a wish for many more to come.

DAVID TOMA

A MAN OF WISDOM, LOVE, AND EXPERIENCE

DRUGS

ALCOHOL

SELF - ESTEEM

In October of 1992 David Toma graced our school with his emotional and experienced presence. His words made many cry and his love helped begin to heal many others. The student body was not prepared for what they received when they walked into the gymnasium that day, but the standing ovation at the end showed the impact it had. I am positive that no one will forget the message Mr. Toma made clear that day or the style in which he did it.

David Toma had a style that many people could never recreate. He just spoke, never once referring to notes. He was overflowing with facts that many of us could probably never understand if we were reading them and; yet, he made them understandable. He talked about love between each other and the love he had for each person on this earth. David Toma spoke at the level of the group he was speaking to. He used words we could all understand and experiences that we will never forget. His past is not perfect, but that is what makes him so miraculous. He has personally faced everything that he was trying to warn us about. He was not repeating a text book, it was a life story; his life story. It showed in his face and in his words.

David Toma is dedicated to the kids he talks to. He is dedicated to our well-being and our futures. This is not "just a job" to him, it is his life. We, the youth of the world, are his future as we are everyone else's. David Toma has realized the importance of this and decided to act on it. He wanted to make a difference and he found a way to do so.

David Toma, we thank you greatly for all the knowledge and experience that you shared with us. Your words have left a mark on both the school itself and the individuals within it. We will not forget you. You have changed the lives of some and enhanced the lives of others. Again, we thank you.

In Closing . . .

The past four years that we have been in school have been full of many events. We watched as Communism fell; our family and friends were shipped to Kuwait to defend what our country stands for; AIDS has developed into an epidemic which we are forced to face directly; Rodney King became a household name, due to the L.A. riots, as he fought the judicial system of our country; and Mr. Clinton replaced President Bush in the White House.

Our years at Comp have also been funfilled and as well as memorable. The school faced the banning of *The Handmaid's Tale,* a novel well liked by many. A great number of people faced the death of Robert Gaumond with tears and a sense of loss. He was a member of our class that we will never forget. It was also our senior year and we lived up to the tradition of fun and adventure.

Our class consists of people from many diverse backgrounds, but in the end we are still the one and only Chicopee Comprehensive Class of '93. All of our memories combined create our reputation and overall picture.

Graduation will be the last time that we come together to form a whole picture. After this memorable day we will separate to go our individual ways. Some will continue their education, others will enter the workforce, and some may begin a family. Whichever way you go, our picture will only be a thing of the past - the Class of '93!

I would like to thank everyone who helped with the yearbook this year. It was a bumpy ride for a time, but we stuck it out and made it through. Working as editor-in-chief of Memini '93 has taught me a lot about organization and leadership. It is an experience that I am very grateful to have had. I would like to extend a very heart felt thank you to all of my teachers for their extreme patience and understanding. Without them I would not have remained academically sound and survived the year.

This is OUR book and OUR memories. Memini '93 is a piece of history that will live on forever. As long as our memories are alive - so is the Class of 1993!!!!

Thank You . . .

Mr. Raymond Boulais - For all of his encouragement and support. He did not loose faith in me and stood by me during the hard times.
Mr. Buczko and Mr. Syriac - For all of their support and guidance throughout the years and their concern for the yearbook.
Mr. Mitchell Kuzdal - For all of his encouraging words and practical ideas.
Mr. Pinciak and Mr. Kocikowski - For their help in handling the problems we faced and their patience.
Mr. Don Lendry - the Jostens Rep, for all of his ideas and encouragement. I would not have survived without his drive for me to succeed. He has a wonderful outlook on life.
Mrs. Osetek - for all of her extra help and encouragement.
The Class Officers: Wendy, Tracy, Carrie, and Valerie - for all their support and help with the ads.
Greniers - for catching all of our memories on film.
Mr. Taupier - for his patience and understanding.
Mrs. Boratis - for all of her personal help and words of wisdom. You are a wonderful friend.
Elizabeth Flannigan - for a wonderful Underclassmen Section.
The Senior Crew - for a creative Senior Section.

Thank you,
Tina L. DeFranco
Good luck
and
Best Wishes!

What is graduation's real meaning?

The definition of graduation (according to Webster's dictionary) is the conferring or receipt of a academic degree of diploma marking completion of studies.

Most students think that graduation is a time to move on to better things. Students think it is a time to mature and grow up.

Students have mixed feelings on whether this is a happy or sad time in our lives. Some students feel that it is a sad time because you move on, but your friends don't come with you. However some students feel that it is a very happy time because graduation means freedom, and leaving high school. Then of course there are those students who think that it is both a happy and sad time because yes, we move on, but we move on alone.

Is graduation an ending or a new beginning? Most students feel that graduation is a new beginning of a brand new life away from high school. However some students feel that it is an ending to immaturity, high school, and childhood.

Overall we at the Chronicle feel that graduation is a mixture of all of these things. Graduation can be a great time full of fun and it can be a very sad time because graduation is a time to say good-bye. We also think that graduation is a brand new beginning; but graduation is also an ending—the end of high school.

Best of luck, Class of '93 from the Comp Chronicle Staff

Class Song
"We're Not Gonna Take It"

Students ponder on whereabouts in 20 yrs.

by Lynn and Celia

We all see ourselves where we are right now. Did you ever stop to think where you will be in the future?

Seniors here at Chicopee Comp were asked where they see themselves in 20 years.

Some students are reaching for the same high goal with a slight variation.

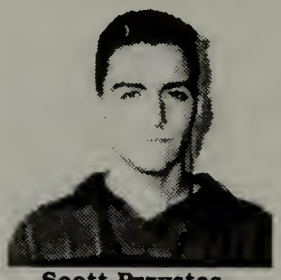
Mike Christianson sees himself as the President of the U.S.

Karl Baer sees himself as the first "Brown" President of the U.S.

Some students have a slightly pessimistic view of where they will be.

John Veremy sees himself "in the ground in Bosnia."

Jeff Desilets sees himself



Scott Przystas

bald.

Scott Przystas says, "I'll be in hell, wanna come?"

Mike Bernier thinks he'll be homeless.

The majority of the students have an optimistic view of where they will be.

Brian Bowler sees himself as a bouncer at Anthony's.

Amy O'Brien will have opened a fat farm, making money off of other people's

Tom Kielbania

fat.

Tom Kielbania says, "I'll be financially well off and putting out my sixth album."

Ray Plouffe sees himself as the owner of a tanning salon for people like Jen Matlasz.

Tim Louden sees himself the proud owner of the American dream, yeah...a beach bum in Cancun, Mexico.

Liz Flanagan says, "I'll be on a deserted island in the Pacific."

John Heatwole sees himself living on top of a mountain with a bottle of juice on skis.

Dan Kandilakis says, "I'm going to be John's understudy."

Many students believe that they will be happily married in 20 years.

Carrie Authier sees herself married with two kids.

Tammy Batchelor sees herself married to Carlos.

Viki Bernacki sees herself married to Chris, owning her own computer company.

Amy Wisnowski sees herself married to Tom.

Laurie Rybak sees herself married to Mike and living next to Carrie Authier.

Seniors.. What would you change about the school?

by Carrie Authier

Different teachers, policies, and administrators are some of the changes that the Senior Class of '93 would like to see.

Sue Thibault- "more time between classes and be able to leave for lunch."

Mike Christianson- "I would want to leave school grounds for lunch (Sue stole my idea.)

John Heatwole- "replace our V.P.'s with C.H.S.'s Tetrault and Picard."

Shelby Bergeron- "I would change the new attendance policy back to the way it was."

Carrie Padden- "I would rather rugs instead of floors so that people wouldn't get that white stuff all over their clothes."

Wendy Viens- "I don't care, I'm leaving."

Jay Veremy- "I would change the 'No Short Shorts' rule."

Diane Chouinard- "the attendance policy"

Kevin Thompson- "I would have Carrie Authier in every one of my classes!"

Tim Louden- "I would make the school a million Diane Chouinard's and me!"

Jeremy Hurley- "the dress code."

Teddi Santos- "I'd change my teachers."

Todd Martin- "Attendance policy, the hat rule, and the dress code."

Amy O'Brien- "I wouldn't change anything because I like it just the way it is."

Scott Przystas- "the Vice Principals."

Brian Bowler- "the boys' tennis record."

George Tiggle- "cliques and gossip."

Meghan Brosnan- "all the gossip."

Tammy Batchelor- "the people, the rumors, the cliques, and the attitudes."

Favorite songs have different meanings to Seniors

by Meg Landry

As senior year comes to a close, some seniors were asked about favorite songs and what's so special about them.

A few seniors knew their favorite but didn't have a reason why.

Christine Lakota- "Ordinary World."

Paula Depelteau and Melanie Goulet- "Freak Me."

Amy Dooley- "Pour Some Sugar On Me."

Others liked some for different reasons.

Tim Murphy- "Walk This Way" (Because it was the first tape I bought.)

Keith Ellsworth- "Burn In Hell" (It kicks butt.)

Sam Methot- "YMCA" (Because I'm such a trend setter.)

Liz Flanagan- "The entire Snow tape because it's kind of like a guy-you can never understand what they're saying."

Eddie Perlak- "We're Not Gonna Take It" (It gets me pumped and its sung by the best group ever!)

Lynn Perreault- "Faithfully" (Because no boyfriend has ever been faithful to me.)

Only a few had sentimental reasons.

Celia Alvarado- "Faithfully" (It's mine and Ray's song!)

Eric Szymojko- "Patience" (Certain Bellamy memories.)

Heather Houle- "Paradise By The Dashboard Light" (It reminds me of Sherry and Paula and all the times we've had.)

Only one had no favorite song.

Mark Drapeau said, "I don't listen to music because I don't have a life.

Senior sports seasons...

by Brian Bowler

It's spring again, and as graduation approaches, it's time to look back at our senior year sports. Here is a look at how seniors are currently performing in their spring sports activities.

Softball

The softball team is having a good season this year. Led by seniors Tracy Breton, Sharon Dowd, and Kristen Zebrowski, the girls have an 8-5 record, 2-1 in the Suburban League.

Breton said, "We're aiming high, and we'll beat Chicopee twice."

Baseball

Seniors playing for the baseball team include Todd Martin, Jeremy Hurley, Ryan Maliga, Jamie Buchanan, Orlando Padilla, and Ben Daigneault. At press time, the team was 7-4.

Hurley said, "If we work hard, we can do well and hopefully make the tournament."

Boys' Track

The boys' track team is off to another fast start this year, 6-0 at press time. The team is led by seniors Rick Harnois, Matt Griffin, George Tiggle, Mark Drapeau, Dave McCullough, Paul Chapdelaine, Chris Pride, Jeff Hamel, Stefan Matte, Tony Brooks, Allen Moon and Wayne Cordeau.

Drapeau was optimistic for the team, saying, "If the runners get their act in gear, we'll kick Minnechaug's butt."

Harnois said, "If we all work hard, we'll have a shot at WMASS.

Tiggle had a more individual approach, saying, "To be the man, you've got to beat the man."

Girls' Track

The girls' track team has a record of 3-4. Seniors include Kristen Bissonnette, Heather Jagla, Jessica Kennison, Danielle Michalski, and Mary Michalski.

Danielle Michalski said, "I feel the track team has improved and I hope we continue to do so."

Boys' Tennis

The boys' tennis team is suffering through another disappointing season, with a record of 1-9. The Colts won their first match in two years this season, and they are looking for more.

John Skaza, Brian Bowler, Keith Ellsworth, Mark Wylie, and Mike Bernier round out the senior lineup.

Ellsworth said, "I wish we could have won more matches for our senior year."

Girls' Tennis

The girls' tennis team is having an outstanding season, racking up a 9-1 record to this point. Led by senior singles players Shelby Bergeron and Carrie Authier, the girls hope to continue their winning ways.

Bergeron said, "Spectacular is the word. I'm so proud of us."

The ski team's (boys and girls) look very hopeful next year even though the boys' team is losing four seniors and hopefully the girls' team will have more newcomers because it was a small team this year.
